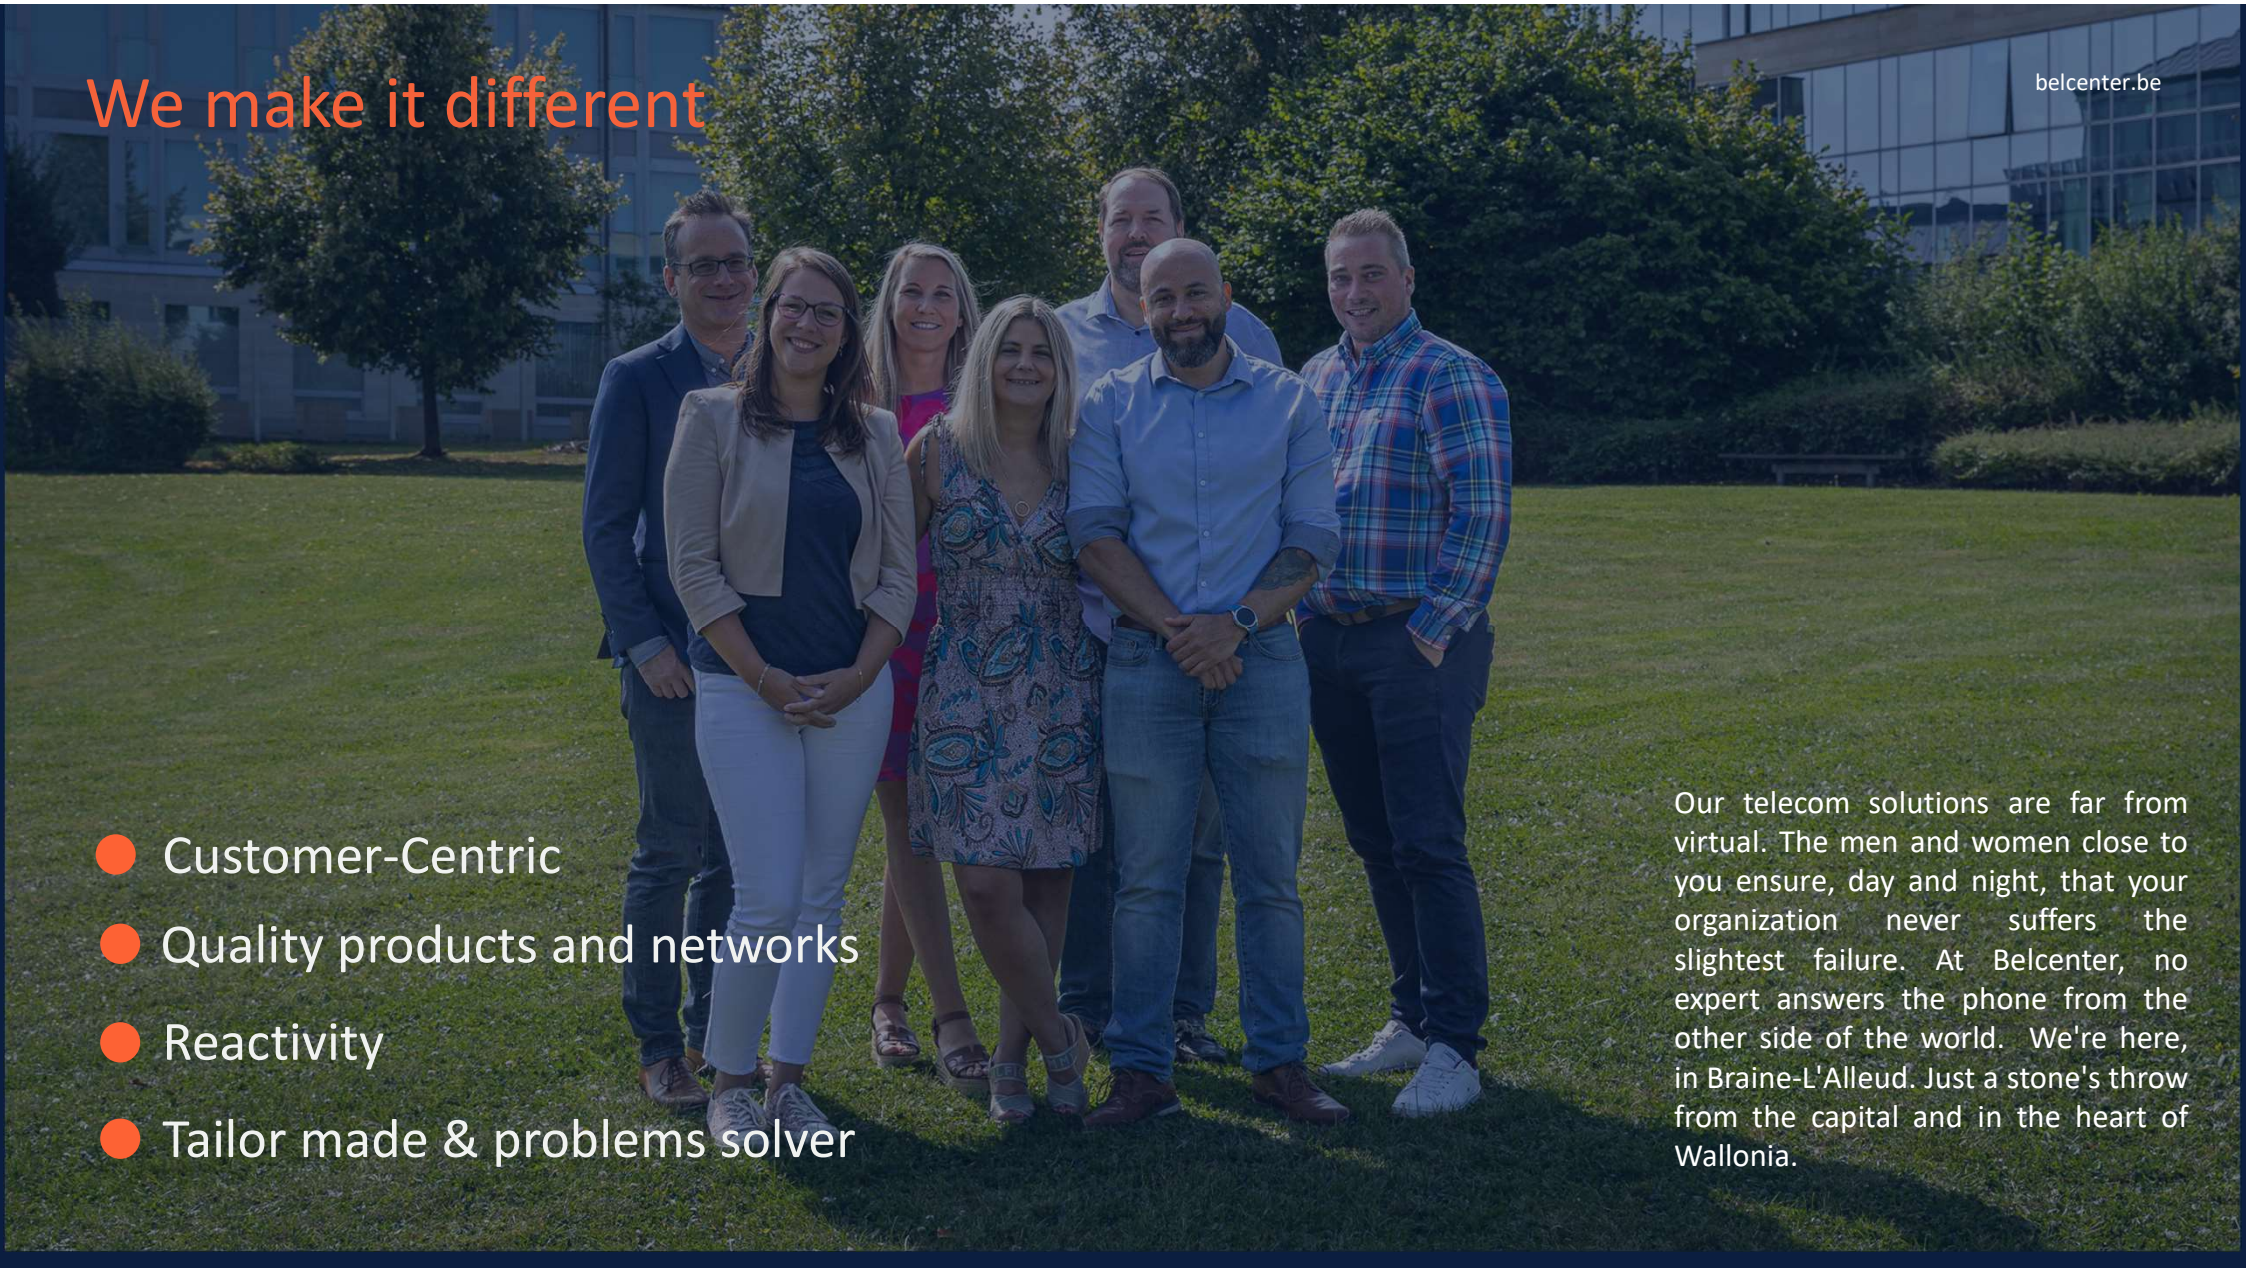
Our mission

Make it different
Solution builder

At Belcenter, we put your business first.
Together, we'll design a reliable telecom infrastructure to support your organization's operations, communications and data flows.
Without any latency, but with real service guarantees. You'll quickly become our top priority.

We make it different

belcenter.be



- Customer-Centric
- Quality products and networks
- Reactivity
- Tailor made & problems solver

Our telecom solutions are far from virtual. The men and women close to you ensure, day and night, that your organization never suffers the slightest failure. At Belcenter, no expert answers the phone from the other side of the world. We're here, in Braine-L'Alleud. Just a stone's throw from the capital and in the heart of Wallonia.

Connectivity

we operate our own backbone

We operate our own multi-access network with a lot of technologies to provide minimum 50Mbps for each customer.
